

Society of Soil Scientists of Southern New England
P.O. Box 258 • Storrs, CT 06268

Dear SSSSNE Member,

March 2017

We are writing to remind you to pay your annual Society of Soil Scientists of Southern New England dues. Please renew your membership dues before 4/1/17 by completing the enclosed membership renewal form and mailing it with your check to the Society P.O. Box, or by going to the Society website (<http://nesoil.com/ssssne/>) and using a credit card. We request that you add a \$5 late fee to your dues after April first. Please complete the attached renewal form and include it with your check. **If paying with a credit card (PayPal), you do not have to mail the form in unless you have changed your contact information.** If you already paid for 2017, please disregard this notice.

Please update your resume for the 2017 registry now.

Current basic or professional members: All current basic or professional members should review their 2017 resumes in the registry. Please visit <http://ssssne.org> to review your resume online. If you would like to update your resume please do so at this time by visiting <http://nesoil.com/ssssne/update.html>. If you are satisfied with the posting you don't need to do anything else.

New basic or professional members: If you do not currently have a listing in the registry, please visit <http://nesoil.com/ssssne/update.htm> to enter your resume in the registry. Associate members are not listed in the registry.

Please keep your resume concise and **no longer than 60 words in length**. Be sure to include education, experience, work address, e-mail address and work phone number.

Deadline for registry updates is August 1. Updates made after August 1 will not be included in the published 2017 registry.

You can now pay using any credit card via PayPal. Visit the Society website for details.

Sample
Alfie D. Pedon - Private Consultant BS Agronomy and MS Soil Science, All-American University, 1984. Ten years' experience as soil scientist with USDA, NRCS in New York and Connecticut. Presently, and since 1995, Principal Soil Scientist, Soil Science Inc., specializing in site assessment, wetland delineations, and wildlife habitat evaluation.
